MARRIAGES.

The marriage of Mr. Roy Fleming Clendenin and Miss Mary Johnson Rogers was solemnized at the Newtown Christian Church, yesterday afternoon, at 3 o'clock, Rev. Carey E. Morgan, of this city, performing the ceremony. Dr. Hugh Clendenin, brother of the groom, was best man, and Miss Carrie Hanson Rogers, sister of the bride, was the maid of honor. J. D. McClintock, of Paris, and Henry Stone, of Newtown, were the ushers.

The bride looked beautiful in a gown of Paris muslin over white silk, with bodice elaborately trimmed with Irish point lace bertha. Her only ornaments was an exquisite diamond brooch. She is the daughter of Mrs. Lou Evans Rogers, of Newtown, her father being the late Warren Rogers, of this county. She is a young lady who possesses all the beautiful traits of character that goes to make a lovely and charming young woman. During her stay in Paris as pupil at Bourbon College she made friends of all who had the pleasure of meeting her.

The groom is clerk in the First National Bank, of this city, popular, industrious and worthy. His close attention to business, his steady habits and genial manners is sure to win for him success in the business world. We join, with a host of friends, in congratulations, and wish that his pathway through life with his lovely companion will always be "strewn with the sweetest of flowers."

The church was tastefully decorated, the altar being banked with palms, ferns and a profusion of white carnations.

After the ceremony the wedding party drove to Paris and took supper at the home of the groom's father, Mr. Chas. Clendenin, on Second street. The happy couple left on the 10:30 train last night for Lexington, Louisville and other points of interest, for about a ten days' trip. On their return they will take board with Mrs. Alice Ware, on Fifteenth street, until the groom's residence, now in course of construction on Cypress street, is completed, when they go to housekeeping.

The wedding party was entertained Wednesday evening at six o'clock dinner at the home of the bride's mother, Mrs. Lou Evans Rogers, at Newtown.

The first wedding in the new Christian Church, in this city was on last evening, at 7 o'clock, and proved to be one of the prettiest, if not the prettiest, ever witnessed in Paris. The occasion was the uniting in the holy bonds of wedlock Mr. Luther K. Rice and Miss Idella E. Sparks. At the close of the beautiful solo, "O, Promise Me," sung by Mrs. Fannie-belle Sutherland, the bridal party entered the church from a rear door and formed in a semi-circle under the canopy over the baptistry, where Elder Cary E. Morgan met them, and in a touching and beautiful ceremony united the two loving heart into one.

During the ceremony Mrs. Sutherland sang softly and sweetly "Trauerlied." As the wedding party entered the church Miss Sarah Grinnan artistically played Lohengrin and as they retired Mendelssohn.

The bride looked handsome, stately and graceful in a gown of ivory crepe de chine over white liberty satin train, trimmed with Duchess lace, with long tulle veil that extended to end of train, the veil being caught up with diamond sunburst. Her only ornament was a collar of pearls. She carried a shower bouquet of lilies of the valley.

Mr. Wm. Bryan was best man and Miss Tansy Berry the Maid of honor. The attendants were Miss Florence Becraft, Miss Nettie Whitsitt, Miss Kate Ingels, Mr. John W. Young, Mr. John W. Jones and Mr. Claude D. Redmon, of Louisville.

The bride's maids were gowned in white liberty silk, profusely trimmed in Valenciennes lace, each carrying a bouquet of pink sweet peas.

The ushers were Bennett Bean, Skinner Kerr, Graham Kerr, Dr. M. H. Dailey, Ben Downey and Dr. C. G. Daugherty.

The church was tastefully and beautifully decorated with plants, ferns, &c., by Honaker.

The couple left after the ceremony

for a short trip.

The wedding party was entertained Wednesday night at the home of the bride's parents, Mr. and Mrs. Ed. Sparks, on the Clintonville pike, near town, with a sumptuous 8 o'clock dinner.

Announcement is made of the marriage of Mr. Wayne K. Brombley, of Catlettsburg, and Mrs. Mary Hedges Clay, of Lexington. The nuptial knot will be tied at the home of the bride, in Lexington, on Wednesday, June 7th. It will be a very quiet wedding, only immediate relatives to be present. The bride-elect is a wealthy and handsome young widow, formerly of this county, and a daughter of Mr. and Mrs. Joe Hedges. The groom-elect is one of Catlettsburg's most enterprising citizens, and interested in a number of large business enterprises. He is vice-President of the "No-Labor Washing Powder Co.," at Huntington, W. Va.

Mr. B. F. Skillman, of North Middletown, and Miss Elizabeth Hays, of Frankfort, were married at the home of the bride in the latter city yesterday. This will be quite a surprise to the friends of the groom as it has been kept a profound secret. The couple passed through the city yesterday afternoon for their future home at North Middletown.

Mr. John Wm. Plunkett and Miss Pearl Honaker, both of this county, were married yesterday at the Court House by Judge H. C. Smith.

Martin Gregory, of Fleming county, aged 87, and Mrs. Henry Logan, aged 84, were married in Rowan county. It was the third marriage for the groom and the fourth for the bride.

After a courtship of forty-six years, Edward M. Triplett, of Page county, Va., and Miss Emma Thornton, of Rappahannock county, have just been married. The bridegroom is seventy-six years old and the bride is sixty-eight.

Paris, Ky., Friday, June 2, 1905.

THE destruction by the Japanese of the Russian fleet, and practically the Russian naval power, may be said to be one of the most momentous events not merely in naval history, but in history of the world.

Here is a nation which was opened to the civilized world only fifty years ago, has been organized after the plan of Western civilization for less than twenty-five years, only within ten years has had a navy of any considerable rank, that has by one blow put itself in the very forefront of the naval Powers of the world, after having previously demonstrated its superiority on land to the nominally greatest military Power of the world.

This naval engagement in the Korean Straits therefore marks a radical change in the distribution of military strength and the military possibilities of the world. The complete victory of Japan in the war with Russia which it foreshadows will put Japan far up toward the head of the military Powers; and before this century ends it will hold first place beyond preadventure, if its development shall continue in anything like the ratio of the progress which it has made since its victory over China ten years ago.

It is demonstrated that Japan is the military superior of Russia on both land and sea. Japan has won the war. Is there another European Power which would have done better than Russia, unless Great Britain, with its vast naval preponderance? When Japan has gone ahead in its development under the impetus of present victory, may not the time come, and in no distant period when even Great Britain will be distanced? How about ourselves?

The naval battle of Saturday and Sunday may change the whole course of civilization during the twentieth century.

CALL a girl a chick and she smiles; call a woman a hen and she howls. Call a young woman a witch and she is pleased; call an old woman a witch and she is indignant. Call a girl a kitten and she rather likes it; call a woman a cat and she hates you. Women are queer. If you call a man a gay dog it will flatter him; call him a pup, a hound or a cur and he will try and alter the map of your face. He doesn't mind being called a bull or bear, yet he will object to be mentioned as a calf or a cub. Men are queer, too.

IN person Togo is little—even smaller than most Japanese—dried up, gray and bearded. His blood is noble, although not royal, and it shows in the rather long face and delicately prominent nose of the aristocratic Jap. He has three sons and a daughter. The Admiral and his family are all Christians, he himself being an Elder in the Presbyterian church.

THE way the grand juries throughout the State have been bringing in indictments against the Standard Oil Company, Kentucky will soon be flooded with John D. R.'s "tainted money." We have heard no kick from the Commonwealth Attorneys about not accepting it. Any kind of old money goes with these fellows in this "deestrick."

"THE fact that Kentucky makes maple sugar out of corn bobs is not a matter of just criticism. Of what use is a cob to a Kentuckian after the corn has been taken off?" asks the Cincinnati Tribune. We don't care to answer your question now, but the first time we meet we will put you next. It is quite indispensable to Kentuckians on certain occasions.

THE only rejoicing that Russia has had during the present war was a few hours Saturday when she construed the Japanese silence to mean Japanese defeat. It was kind of the silent Togo to give them these few hours of joy.

ROJESTVENSKY cabled his Emperor when he started for battle: "If I am victorious I will notify you; if I am vanquished Togo will inform you." He landed in the little Jap's trap and gave Togo the pleasant duty of informing the Russian Emperor that his navy had been annihilated.

Class Day Exercises Declared Off.

Class day at the Kentucky State College, which is always celebrated in a fitting manner by the students of the institution, was to a certain extent declared off Wednesday on account of the breach between the faculty and the senior class, growing out of the "Grumbler" paper prepared by Karl L. Dietrich, which caused the suspension of that student for one year, as well as the forfeiture of his diploma and degree.

The only exercises participated in by the students was the presentation of the drinking fountain to the junior class by the senior class, the handsome testimonial having been purchased by the seniors for the college faculty, the program however having been changed after the faculty had taken such drastic action towards young Dietrich.

After the faculty met on Monday morning and refused to reopen the Dietrich case, a letter was prepared by the young man in which he expressed regret over his action in preparing the paper, and his letter was presented to the faculty Wednesday morning, the body having met again at the solicitation of Attorneys Stoll and Shanklin, who have been engaged by the elder Dietrich. After a careful consideration of the letter the faculty again announced that the case would not be reopened by them.

Judge Wm. Lafferty, of Cynthiana, was appointed to succeed Judge Hager as a member of the Board of Trustees of the State College.

Kentucky University Reunion.

The union to be held next week by the faculty of Kentucky University will be much larger than at first anticipated, and owing to the number of people who have signified their intention of being present, the Executive Committee have decided to hold the largest features of the celebration in Gratz Park instead of Morrison Chapel as first planned.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Class Day Exercises Declared Off.

Class day at the Kentucky State College, which is always celebrated in a fitting manner by the students of the institution, was to a certain extent declared off Wednesday on account of the breach between the faculty and the senior class, growing out of the "Grumbler" paper, prepared by Karl L. Dietrich, which caused the suspension of that student for one year, as well as the forfeiture of his diploma and degree.

The only exercises participated in by the students was the presentation of the drinking fountain to the junior class by the senior class, the handsome testimonial having been purchased by the seniors for the college faculty, the program however having been changed after the faculty had taken such drastic action towards young Dietrich.

After the faculty met on Monday morning and refused to reopen the Dietrich case, a letter was prepared by the young man in which he expressed regret over his action in preparing the paper, and his letter was presented to the faculty Wednesday morning, the body having met again at the solicitation of Attorneys Stoll and Shanklin, who have been engaged by the elder Dietrich. After a careful consideration of the letter the faculty again announced that the case would not be reopened by them.

Judge Wm. Lafferty, of Cynthiana, was appointed to succeed Judge Hager as a member of the Board of Trustees of the State College.

THE LIVER QUARANTINE

"TAKING THE MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

MARKET LETTER.

(Reported by Chrystal & Co., Wilson Building, Paris, Ky.)

June 1, 1905.

CHICAGO GRAIN.

Wheat—The market was as buoyant and strong to-day as it had been depressed during the first part of last week. The raid engineered by the pit traders yesterday which resulted in the break mentioned in former special, found no followers this morning, and even Liverpool, which had been so weak yesterday, sent cables 1/2 higher. Initial prices were up 1/2 cent for July at 87 1/2 to 1/4 and the course was gradually upward until a two cent advance over last night was recorded. Some profit taking followed which broke prices 1/2 cent from the extreme high point, but the close was well above that of yesterday's. On any good bulges to-morrow we would sell for a turn.

Corn—Small from Argentina made Liverpool bullish and that market advanced a penny. The harsh treatment in the May is still in the minds of the bears, and they covered freely all options advanced a cent here.

Weather better and corn is too high. Closing was firm at the advance.

NEW YORK STOCKS.

The boom of yesterday was short-lived, although the market was draggy, the trend was downward. The Ironage was rather indifferent on Steel claiming a lack of new business. This was looked upon as bearish by the professionals. London was also some lower for international. Opening prices averaged 1/2 lower and about as much more was lost and in most cases the whole gain of yesterday was wiped out. Metropolitan was one of the strong features early, advancing to 119 1/4, but in the late trading lost it near the close. Some stocks made fractional gains from the low point but the close was irregular. On sharp recession tomorrow buy U. S. Steel preferred. Baltimore & Ohio, and Copper for a turn.

The Celebrated North Star.

It is the only brand to buy. It is cork-lined and will save you 20 per cent on your ice bill. It is the easiest to clean and keep clean. It is an ideal refrigerator in every sense and no household should be without one. Uncle Sam uses them because they are the best he can buy. We have a large stock.

Damage Suit Against Interurban.

County Attorney Dundon, acting under instructions of the Fiscal Court, on yesterday filed suit in the name of Bourbon County against the Bluegrass Traction Company, for damages in the sum of \$10,000 for failure to comply with their contract. The petition alleges that the said Blue Grass Traction Company agreed to build and operate their road to a point immediately in front of the court house, to erect their car barns and repair shops within the limits of the city of Paris, and to build a fence from the city limits to the Fayette County line, running parallel with the track and between the track and the Maysville and Lexington turnpike.

Miss Bowden Resigns.

Miss Nannie Bowden, for eight years teacher of the primary department of Paris City School and just elected for another term, has tendered her resignation to the Board. The reason of her resignation is that her mother, Mrs. Bettie Bowden, will go next week to Winchester to reside, her two sons being there in business and her daughter does not care to be separated from her.

Miss Bowden will open a primary school in Winchester, and her experience of twelve years in teaching children should be endorsement enough. She is an exceptionally fine teacher, besides being a lovely Christian young woman, and it is with regret of our citizens generally that this most excellent teacher is to leave our city school, where she is so much beloved by the children and patrons of the school.

On the return trip, about one half mile this side of Centerville, while going at a moderate gait down a hill, the steering gear of the machine broke and it plunged over an embankment and tore through a rail fence. The occupants were thrown out and were severely bruised.

A carriage was telephoned for and the crippled party were brought to town. The machine was completely wrecked.

Pocket Book Grabbers.

As Mrs. Geo. Taylor was coming from the L. & N. station, Wednesday afternoon, she handed her purse, containing about \$5, to her little 4-year-old son to carry. Two young men passed by and one of them snatched the purse from the child's hand. Chief of Police Hill was notified at once and found that they had entered a near-by saloon, one of them taking the contents out of the book and leaving the empty purse on the ground in the back yard of the saloon. They then caught the afternoon train for their home at Kiserston. The parties are known to Chief Hill and arrests expected to be made yesterday.

Insure with W. O. Hinton. He has the right kind of insurance.

History of Paris and Bourbon County.

For some time past THE NEWS has been considering the advisability of issuing a history of Paris and Bourbon county. Paris needs a Commercial Club. It is our idea, if possible, to issue a handsomely illustrated book about the size of the Ladies' Home Journal, printed on fine book paper, illustrated with fine and original half-tone engraving of the principal streets, residences, public buildings, churches, business houses, professional and business men. We are at present trying to secure the services of the well-known historian, descriptive writer and illustrator, Mr. Joseph B. Borders, to assist us in compiling this history. Further detail will be given in our next issue if satisfactory arrangements can be made with Mr. Borders.

THERE is more American Fences sold than all others combined. Why is it so? Because it is the best and cheapest fence manufactured to-day. We have a large stock on hand.

Russian Troops Revolting.

A cablegram from St. Petersburg says the spirit of revolt is rife among the Russian troops in Manchuria, and that Gen. Linevitch has wired the Czar that a continuation of the war under the circumstances is impossible little hope for the Russians can be found in the latest dispatches regarding the naval battle. Only four of the vessels of Rojstvensky's fleet are known to have reached Vladivostok, the cruiser Almaz and the torpedo-boat destroyers Grozny, Bravi and Terosiaty. The full extent of the Russian casualties is not yet known. The Japanese losses, as reported from Tokio, are only three torpedo boats sunk, three officers killed and about 200 men killed or disabled. It is definitely known that Vice Admiral Rojstvensky is captured. Interest now turns to the situation in Russia, as the result of the naval disaster. The Emperor, Wednesday, summoned to the palace at Tsarskoe-Selo all the members of the imperial family and later called into extraordinary council Admiral Alexieff and all his Ministers of State, and series of conferences took place. The result of these conferences is in doubt.

Behind the Bars Once More.

Judge James Hargis and B. F. French were arrested at Winchester, Wednesday, by Sheriff Woodson McCord on a warrant sworn out by Mrs. Abrelia Marcum before Police Judge F. P. Cardwell, in Jackson, charging them in conjunction with Alex. H. Hargis and Ed. Callahan with complicity in the murder of her husband, James H. Marcum.

Alex. H. Hargis learned of the warrants at his country home, near Winchester, and came in and surrendered to Sheriff McCord.

Judge Hargis and B. F. French were taken by Jailer Boone, to whom they had been turned over, to the Court View Hotel for supper, as supper at the jail was over.

The three spent the night in the Winchester jail. Callahan was arrested in Jackson.

Knows Who Shot Goebel.

The Cincinnati Enquirer of Tuesday published the following telegram from San Francisco, Cal., and we give it to you in full without comment, letting you take it for what it is worth:

"J. V. Reed, who says he is a former State Senator from Boyle county, Kentucky, who left that State with the fugitive Taylor following the murder of Governor Goebel, is now in this city. He is willing to return and stand trial if the authorities want him but he stipulates that it must be in some other state than Kentucky where he thinks he cannot get a fair trial. Reed submitted to an interview to-day.

"He said: 'I have been in correspondence with Taylor, who is still in Indianapolis. I received a letter from him yesterday, and we have decided that we will return and submit to trial before any Federal Court outside of Kentucky. We will not return to that State and submit to trial by State Courts. As a matter of fact, I believe that it is hoped by many that we will not return there, and our belief that we will not get justice there is only one reason for our not returning.

"If we should be taken back to Kentucky for trial the worst riot or insurrection in the history of the state would be the result. We have secured Governor Black, of New York; ex-Governor Yates, of Illinois, and Joe Blackburn, of Kentucky, to aid in our defense, and are prepared to go before any Federal tribunal without the confines of Kentucky, preferably Ohio.

"Not only am I ready to stand trial, but I am ready to give my evidence. It seems to be accepted as a fact that the shot that killed Goebel was fired from the office of the Secretary of State in the Statehouse. This is wrong. I was in the office of the Secretary of State at the time Goebel was shot on the Statehouse grounds, and I know that the shot was not fired from there. Yes, I know who fired the shot, but I will name him only on the witness stand.

"The men who have been convicted of conspiracy in the death of Goebel, some of whom are now serving life sentences, are as innocent of that crime as babes. I know what I am talking about. When the proper time comes I will tell what I know. The two indictments against me were returned for the sole purpose of keeping me out of the state, and it would have been absurd for me to return and stand trial in State Courts, controlled as they were by the Goebel faction.

"Now we have reasonable assurance from the Secret Service people that our case may be taken up by the United States, and we are therefore ready and willing to stand trial. All we want is a fair and impartial trial, and we have no fears as to the result."

"Reed was traveling incognito."

The Bible Not Sectarian.

Togo's Longest Speech.

Just before sailing to meet the enemy Admiral Togo and the officers of his command were feasted on shore. After they had said farewell to their wives and children and gone to their places on the ships Togo summoned them to his flagship.

They found him sitting on deck. Before him, on a little table, stood a tablet of pure white wood supporting a dagger—the hara-kara knife of the Samurai. This is the outfit placed before a Japanese gentleman when he commits ceremonial suicide. It meant only one thing to the officers, victory or death, honor or suicide. But to back it up Togo made one of the longest speeches of his silent life.

"Gentlemen," he said in effect, "the feast at which you honored me your presence was the parting feast. Never could the sailors of Nippon have feasted among their wives and children except for a farewell. We sail to-night to attack the enemy. Go on that voyage with the idea that you will not return. Be ready to weigh anchor at the signal. Good day." The officers saluted, bowed Japanese fashion and returned to their posts.

Togo has kept them to the "code of the three and a half inch knife." From time to time, through the secrecy which has surrounded the Japanese naval movements, has leaked out some tale of this or that officer who has failed in his duty or has preferred safety to death. The stories always end in one way—a ceremonial self-removal.

The Pope Expresses Deepest Sorrow.

His Holiness the Pope expressed deepest sorrow over the news of the great naval battle. He said:

"My heart bleeds for the many sons of humanity who died in this most horrible contest. I pray that I may live to see an era of universal peace, when there shall be no more combats, which send so many thousand of human beings to their Maker with the passion of deadly hatred in their hearts."

Covington Pool Rooms Closed.

Covington poolroom owners and operators were enjoined by Judge William McD. Shaw, the Kenton Circuit Court. Judge Shaw granted the injunction sought by the Attorney General of Kentucky and ordered the preparation of the order at once. The injunction was asked on the ground that the pool-rooms are a common nuisance. Whether the rooms will close at once or an appeal be taken to the Court of Appeals is not known. Inasmuch as the rooms were to close anyhow during the Latonia meeting, but a few days' business would be lost by complying with the order of the court and closing at once.

Anarchists After King Alfonso.

As the King of Spain, accompanied by President Loubet, drove away from a gala performance of the opera in Paris, after midnight Wednesday, an anarchist threw a bomb in the direction of the royal carriage. The projectile struck a soldier belonging to the Cuirassier escort on the shoulder and then fell to the ground and exploded without injuring either his majesty or the President, who continued their drive to the Palais d'Orsay. Several soldiers of the escort were thrown from their horses and injured, while fragments of the bomb struck a number of persons in the crowd.

HOW DISEASE GERMS START.

No Need to Fear "Germs" if the Stomach Be Healthy.

The ideal breeding spot for disease germs is a weak stomach and digestive system. The food, instead of being assimilated, turns into a sour, slimy fermenting mass, causing gases, distress after eating, bloating, nausea and flatulency. The poisonous germs that are given off from the undigested food enter the blood, and pimples, boils, and blotched skin is the result. Nervousness and sleeplessness come more often from weakened digestion than from any other one cause. Rheumatism and gout are directly caused by an acid condition of the stomach. No ordinary food digestive can give lasting relief. It is absolutely necessary, if one wishes to be well, to use Mi-o-na, the only known remedy that

soothes and heals the mucous membrane of the stomach and digestive tract, stimulates the solar-plexus, and strengthens the nerves of the stomach. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, any disease germs in the stomach will be destroyed, and all food will be so well assimilated that a rapid and healthy increase in weight will quickly result.

Mi-o-na is a guaranteed cure for all diseases of the stomach, excepting cancer, a guarantee being given by Clarke & Co. with every package they sell, agreeing to refund the money should the remedy not give perfect satisfaction.
